

CLOUD NINE BINGO

Welcome to the CLOUD NINE BINGO! An original savings game concept by Rainy Day April created to help you stay motivated to play and save as a team.

Every other Saturday at 1PM EST a new video will be released on my YouTube channel

YOUTUBE.COM/@RAINYDAYAPRIL

FREEBIE PLAY

On the next page, the same card is repeated 4 times (for printing ease). Play 1 card per round.

On a separate piece of paper, create a tracker for each round with the following:

Round 1, 2, 3, & 4: You will need to mark which round you played.

Beat the Storm: This is your wager if you will get a bingo before the storm does. Place a wager for both a win or loss.

Each Bingo: This is your wager for each traditional bingo you get on your card.

A traditional bingo is 5 across any row, diagonal, horizontal or vertical.

Each Dab: This is how much you will save for every single dab (mark) you make on each game card you play per round. These can really add up!

Then add them up after each round or after you've watched the video to see your savings total!

Want a full game packet with a savings tracker, more game cards and dashboards?

CHECK OUT OUR ETSY SHOP: [ETSY.COM/SHOP/RAINYDAYAPRIL](https://www.etsy.com/shop/rainydayapril)

Support future games by liking the videos you play and subscribing to the channel. I love reading your comments saying how much you saved!

Play & Save for a Rainy Day!
